### Module Rationale

This is a short YSJU accredited course to train people with an experience of assistive technology and community equipment, to deliver the Assist UK 'Trusted Assessor Programme' throughout the UK. This is a stand alone course which will be piloted and evaluated. This course is the 'train the trainer' course and the focus will be predominately upon skills & knowledge to enable the learner to facilitate and run the Trusted Assessor workshops from a teaching and learning perspective, and also to be able to manage, organise and assess the TAP courses.

### Learning Outcomes Upon successful completion of the module you will be able to:

1. Critically appraise the Trusted Assessor competency framework as means to deliver person centred assessment to the provision of assistive technologies.
2. Critically evaluate own knowledge and skills in relation to person centre assessment and effective solutions of assistive technology
3. Apply a range of learning and teaching and assessment strategies appropriate to the delivery of the Trusted Assessor Programme
4. Organize and administer a Trusted Assessor Programme accordance with Assist UK quality framework for Trusted Assessor Programme delivery
5. Appraise own learning and development needs in order to maintain quality of the delivery of the TAP programme

### Assessment

Formative Assessment: Presentation session with peer feedback

Summative Assessment: 20 Minute presentation on Trusted Assessor Competency Framework and written assignment 2500 words demonstrating how the TAP programme would be delivered
